All,

In advance of our discussion this afternoon, please find the attached updated draft of the Report to Congress. We are looking for working group comments (in particular flagging any show stoppers) NLT COB on Thursday. Please note that there are a number of areas where we have flagged questions on the text you've provided as a couple of calls for needed input.

We are in the process of reworking the appendices and will discuss that at 2:00 today.

Below is a crosswalk of our draft with the language from the legislation. Please see the highlighted area. **We need the appropriate points of contact for interaction with your agency, as soon as possible.**
